

COUNTY OF LOS ANGELES  
DEPARTMENT OF CORONER

Forensic Science Laboratories  
Analytical Report

Report Date: 08/09/2012

LACDOC #: 3069-1

Agency: West Sacramento Police Department  
Agency #: 12-3216

Subject: Hughey, Kevin

Analysis: Gunshot Residue

Specimen: One properly sealed GSR kit.

Purpose: Determine by Scanning Electron Microscopy / Energy Dispersive Spectroscopy (SEM/EDS) analysis if any gunshot residue particles are present.

Results: SEM/EDS analysis revealed no particles of gunshot residue on either the right hand adhesive lift sample or the left hand adhesive lift sample.

Therefore, the findings are inconclusive for one or more of the following reasons:

- A: The subject may not have discharged a firearm.
- B: The subject may have discharged a firearm but no gunshot residue particles were deposited on the hands.
- C: The subject may have discharged a firearm, but the gunshot residue particles were removed by washing, wiping, or other activity before the specimens were collected.

A handwritten signature in cursive script, reading "Debra Kowal".
